Electrical and Electronics Engineering	*Machine Design	
Mechanical Engineering		MBA

Our college is located in the serene atmosphere of Gornalli, Bidar in Karnataka. The college has obtained approval from AICTE and is affiliated to Visvesvaraya Technological University, Belagavi. The institution has received 2(f) recognition from the UGC and is approved by AICTE, with affiliation to VTU, Belagavi. It hosts active student chapters in professional societies such as IETE, ISTE, and IEEE. The campus is equipped with high-quality infrastructure and well-established laboratories. The institution regularly organizes workshops, Faculty Development Programs (FDPs), and seminars on advanced technical topics to enhance the knowledge and skills of both faculty and students. As a result, the college stands out with a distinct objective of fostering research and promoting innovation and creativity across all its undergraduate and postgraduate programs. The primary aim of the college is to provide quality education to rural students.

About LAEC ISTE

The ISTE-LAEC Chapter at Lingaraj Appa Engineering College Established in 2020 & Student Chapter In 2022 under the Indian Society for Technical Education, is dedicated to advancing engineering education and research. Through ISTE's focus on curriculum enhancement, faculty development, and the improvement of educational infrastructure, the chapter aligns India's technical education with global standards. LAEC joined as an institutional member in 2020, with nearly all faculty members becoming life members of ISTE, gaining from various short-term courses and developmental activities. LAEC was honored with the prestigious "ISTE BEST STUDENT AWARD" Every Year. The ISTE-LAEC Chapter has organized a wide range of events, including student convention, Skill Development Program, guest lectures, and expert talks. These events provide valuable learning opportunities for both students and faculty, enabling them to gain insights from industry leaders, develop practical skills, and stay current with technological advancements. Such activities contribute to the chapter's mission of fostering a comprehensive and globally competitive engineering education at LAEC. This Year ISTE Hosting Its 22nd Student Convention Program In Our College

About ISTE

The Indian Society for Technical Education (ISTE), established in 1941, is a leading national non-profit organization dedicated to advancing engineering and technology education. Registered under the Societies Registration Act of 1860, ISTE has built a robust network with over 1,35,525 technical teachers, 500,000 student members, and numerous institutional and faculty chapters across India. ISTE's mission is to enhance career growth for engineering educators, foster student personality development, and drive the overall improvement of technical education in the country. The organization provides high-quality training programs tailored for teachers and administrators, ensuring they continually update their knowledge and skills to meet industry standards. ISTE's efforts directly contribute to producing skilled professional engineers and technicians who are highly sought after by industries and organizations nationwide. With its extensive reach and influential role, ISTE is pivotal in shaping India's technical education landscape and nurturing future innovators and leaders.

OBJECTIVE OF STUDENT CONVENTION 2025 - 2026

- Objectives of the 22nd ISTE Student Convention, Themed "From Ideas to Impact: Engineering Leadership in a Digital Age" are
1. To inspire students to transform innovative ideas into impactful engineering solutions that address real-world societal, industrial and environmental challenges
 2. To cultivate engineering leadership qualities by promoting critical thinking, ethical decision-making, teamwork and effective communication in the digital era
 3. To encourage the application of emerging digital technologies such as Artificial Intelligence (AI), Internet of Things (IoT), Data Analytics, Robotics, Cybersecurity, Digital Twins and Industry 4.0 in solving engineering problems
 4. To provide a platform for students to showcase their technical innovations, research and entrepreneurial ideas, fostering creativity and technological excellence
 5. To enhance awareness of professional ethics, social Responsibility and sustainable engineering practices in the development and deployment of digital technologies.
 6. To encourage interdisciplinary learning and collaborative problem-solving for addressing complex engineering challenges in a rapidly evolving digital world
 7. To prepare future-ready engineers equipped with digital competencies, leadership skills, and lifelong learning attitudes required for the global engineering profession
