NATIONAL SCIENCE DAY 2023

National Science Day is celebrated in India on 28 February every year. It marks the discovery of the Raman Effect by Indian physicist Sir C. V. Raman on 28 February 1928. To honor this achievement and promote scientific awareness, the Government of India declared 28 February as National Science Day in 1986. The day highlights the importance of science and encourages scientific thinking among students and citizens.

The theme for National Science Day 2023 was "Global Science for Global Wellbeing". This theme focused on highlighting India's expanding role in the international scientific community and addressing global challenges.

Department Vision

The ECE department aims to lead the way in research and higher education while developing innovative solutions to societal problems.

Department Mission

M1: A Centre of excellence for technology, training, teaching and research with the goal of producing elite electronics and communication engineers to benefit society and the country.

M2: To instill a spirit of entrepreneurship, professional ethics and values that meet the needs of society and industry.

M3: To build a technical workforce by regularly planning workshops, expert talks and Industrial Visits

ABOUT ECE DEPARTMENT

The Department of Electronics and Communication Engineering was established in the Institution during 2011. It is one of the Prestigious and Core department in the Institution, offering a UG program with an intake of 54 students and PG program in VLSI Design and Embedded Systems with an intake of 16. It is also a recognized “Research Center” by VTU. The department is headed by Dr. Sharanbasappa Shetkar. The department is strengthened with 3 Professors, 2 Associate Professors, 7 Assistant Professors, and 2 Technical staff. The department has well-equipped laboratories with state-of-art infrastructure, a department library, and internet facilities. The Department endows with additional industrial training, live projects & hands-on to enhance employability.
