Date: 13.02.2026

The Governing body meeting of Lingaraj Appa Engineering College, Bidar, held on 13/02/2026
Friday at 11.30 AM

Agenda:

1. Approval for Seminar hall furniture.
2. Approval for HOD tables.
3. Approval for Camera maintenance work
4. Approval for Construction of compound wall.
5. Approval for Purchase of Sharp colour scanner/photocopier
6. Approval for Purchase of additional air coolers
7. Approval for Purchase of Project screen
8. Approval for appointment of a special Training and placement officer.

Proceedings:

1. Approval for Seminar Hall Furniture

The Governing Body reviewed the proposal for furnishing the seminar hall stage with wood work in order to improve the infrastructure, appearance, and functionality of the seminar hall for academic programs, seminars, workshops, conferences, and institutional events. The requirement was discussed in detail considering the need for a well-equipped and professionally designed stage setup for effective conduct of various activities.

After thorough discussion and evaluation, the Governing Body approved the proposal for furnishing the seminar hall stage with wood work as per institutional requirements and budget provisions.

2. Approval for HOD Tables

The Governing Body reviewed the proposal for preparation of tables for Heads of Departments (HODs) in order to improve departmental administrative infrastructure and office facilities. The requirement was discussed considering the need for durable and properly designed furniture for effective academic and administrative functioning in various departments.

After thorough discussion and evaluation, the Governing Body approved the proposal for preparation of HOD tables as per institutional requirements and budget provisions.

3. Approval for Camera Maintenance Work

The Governing Body reviewed the proposal for maintenance and servicing work of the existing CCTV cameras installed within the campus. The requirement was discussed in detail considering the importance of proper surveillance, campus security, and uninterrupted functioning of the monitoring system.

After thorough discussion and evaluation, the Governing Body approved the proposal for camera maintenance work as per institutional requirements and maintenance procedures.

4. Approval for Construction of Compound Wall

The Governing Body reviewed the proposal for construction of a compound wall around the campus premises in order to strengthen campus security, safety, and boundary protection. The requirement was discussed considering the need for controlled access, protection of institutional property, and improvement of campus infrastructure.

After thorough discussion and evaluation, the Governing Body approved the proposal for construction of the compound wall as per approved plans, institutional requirements, and budget provisions.

5. Approval for Purchase of Sharp Colour Scanner/Photocopier

The Governing Body reviewed the proposal for purchase of a Sharp Colour Scanner/Photocopier for academic and administrative purposes. The requirement was examined considering the need for efficient document scanning, printing, photocopying, and office management activities within the institution.

After thorough discussion and evaluation, the Governing Body approved the purchase of the Sharp Colour Scanner/Photocopier as per institutional purchase procedures and budget provisions.

6. Approval for Purchase of Additional Air Coolers

The Governing Body reviewed the proposal for purchase of additional air coolers for computer laboratories, Hod rooms, offices, and other academic areas of the institution to maintain proper ventilation and suitable temperature conditions. The requirement was discussed in detail considering the need to protect computer systems and equipment from excessive heat and to provide a comfortable working and learning environment for HODs and staff.

After thorough discussion and evaluation, the Governing Body approved the proposal for purchase of additional air coolers as per institutional requirements and budget provisions.

7. Approval for Purchase of Project Screen

The Governing Body reviewed the proposal for purchase of projection screens for classrooms, seminar halls, and academic presentation activities. The requirement was examined considering the importance of audio-visual teaching methods, seminars, workshops, and effective classroom presentations.

After thorough discussion and evaluation, the Governing Body approved the proposal for purchase of project screens as per institutional requirements and budget provisions. 8.

8. Approval for Appointment of a Special Training and Placement Officer

The Governing Body reviewed the proposal for appointment of a Special Training and Placement Officer to strengthen student training, skill development, placement preparation, and industry readiness. The proposal was discussed in detail considering the need for continuous training programs, aptitude development, communication skill enhancement, technical skill training, and career guidance for students.

The Governing Body noted that the Training and Placement Officer would conduct regular training sessions and classes for students to improve their employability skills and prepare them to meet industry expectations. It was also proposed to include a

dedicated Training and Placement class in the regular academic timetable to ensure systematic and continuous training of students.

After thorough discussion and evaluation, the Governing Body approved the appointment of a Special Training and Placement Officer and the inclusion of Training and Placement classes in the regular timetable.
